Students should already be familiar with how to operate the Linux Operating system.

WHO WE ARE

We promise to offer the best training and certification programs to our students. We provide the programs and resources you need to succeed if you are just beginning your Cyber security career or are an experienced expert wishing to develop your skills. Contact us today to learn more about our training and certification options!

WHY CHOOSE US

Welcome to our Cyber Security Training Institute, where we are committed to giving individuals and organisations who want to protect their digital assets thorough training and certification programmes. Our knowledgeable Trainers will bring you through the complexities of cyber security with their cutting-edge expertise and practical experience. You will learn useful methods and abilities to protect yourself from online dangers, such as ethical hacking, network security, incident response, and other things. Our programmes give you the opportunity to hone your skills and grow your profession through practical lab experiences and individualised coaching.

APPLE IOS APP PEN-TESTING COURSE CONTENT

COURSE DURATION: 40 hrs

- Module 01: Introduction
- Module 02: Introduction to IOS Apps
- Module 03: Challenges with IOS lab setup
- Module 04: Lab setup with jailbreaken IOS device
- Module 05: Setting up XCODE
- Module 06: Installing Apps in IOS device
- Module 07: Decrypting IOS applications
- Module 08: Introduction to SecureStorev2
- Module 09: Dumpping class information
- Module 10: Jailbreak detection bypass
- Module 11: IOS Traffic analysis
- Module 12: Introduction to Frida / Frida CLI
- Module 13: Frida Scripts to trace HTTP calls
- Module 14: Introduction to end-to-end Encryption
- Module 15: Introduction to hopper
- Module 16: Jailbreak detection using hopper
- Module 17: SSL pinning attack
- Module 18: Pentesting Local Data storage
- Module 19: Pentesting Uninteded Data Leakage
- Module 20: Pentesting client side injection
- Module 21: Traffic Analysis
- Module 22: Run Time Analysis
- Module 23: Network Attacks
- Module 24: Reporting

- 500 GB Toolkit
- Weekend / Weekdays classes
- Online and Offline classes
- 6 Months Internships Latter
- 2 Year Membership
- Diploma Certificate After Completion
- Interview Preparation
- Live Hacking Training
- Class session recordings
- Ebooks Tutorials
- 24x7 Support
